

MONDAYS 9:00-11, 11:00-13

TOPICS:

- Introduction April 3, 2023
- Introductory laser optics, chopper and photodiode April 17, 2023
- Gaussian optics, laser beam profiles, optical fibers April 24, 2023
- Optical resonators May 8, 2023
- Diode laser, atomic spectroscopy May 15, 2023
- Acousto-optical modulators May 22, 2023
- Beat-signal of modulated laser beams June 5, 2023
- Radiofrequencies, RC-Filter, RF-Mixer June 12, 2023
- Light polarisation and birefringency June 19, 2023
