

MONDAYS 14:15-16:00

TOPICS:

- Introduction October 16, 2023
- Introductory laser optics, chopper and photodiode October 30, 2023
- Gaussian optics, laser beam profiles, optical fibers November 6, 2023
- Optical resonators November 13, 2023
- Diode laser, atomic spectroscopy November 20, 2023
- Acousto-optical modulators November 27, 2023
- Beat-signal of modulated laser beams December 4, 2023
- Radiofrequencies, RC-Filter, RF-Mixer December 11, 2023
- Light polarisation and birefringency December 18, 2023
