

MITTWOCH 12-14

TOPICS:

- Introduction April 1, 2022
- Introductory laser optics, chopper and photodiode April 20, 2022
- Gaussian optics, laser beam profiles, optical fibers May 4, 2022
- Optical resonators May 11, 2022
- Diode laser, atomic spectroscopy May 18, 2022
- Acousto-optical modulators May 25, 2022
- Beat-signal of modulated laser beams June 2, 2022
- Radiofrequencies, RC-Filter, RF-Mixer June 15, 2022
- Light polarisation and birefringency June 22, 2022
